AND
AU Medical Center, Inc.
AND

(hereinafter referred to as the "Facility") and The Board of Regents of the University System of Georgia by and on behalf of Georgia State University, hereinafter referred to as the "Institution"). The Facility and Institution shall be hereinafter jointly referred to as the "Parties." The date of this Memorandum of Understanding should be the latest date on which it was executed by a Party hereto.

A. PURPOSE:

1. The purpose of this Memorandum of Understanding is to guide and direct the Parties respecting their affiliation and working relationship, inclusive of anticipated future arrangements and agreements in furtherance thereof, to provide high quality applied learning experiences for the Institution's students.
2. Neither Party intends for this Memorandum of Understanding to alter in any way their respective legal rights or legal obligations to one another, to the students assigned to the Facility, or to any third party. However, the understandings contained herein may be incorporated into and made a part of a subsequent agreement executed between the respective Institution and Facility in a form substantially similar to that which is attached hereto and hereby incorporated by reference as "Exhibit A" (hereinafter referred to as the "Agreement").

B. GENERAL UNDERSTANDING:

1. The applied learning experience (hereinafter referred to as the "A.L.E.") will be of such content, and cover such periods of time as may from time to time be mutually agreed upon by the Institution and the Facility. The starting and ending dates for each A.L.E. shall be agreed upon at least one month before the A.L.E. commences. A.L.E. implementation at the Facility shall be subject to final approval by the Facility.
2. The number of students designated for participation in the A.L.E. will be mutually determined by agreement of the Parties, and may at any time be altered by mutual agreement. All student participants must be acceptable to both Parties. Either the Facility or the Institution may withdraw any student from an A.L.E. at the Facility based upon a lack of competency on the part of the student, the student's failure to comply with the rules and policies of the Facility, or, for any other reason where either Party reasonably believes that it is not in their best interest for the student to continue. Such Party shall provide the other Party and the student with immediate notice of the withdrawal and written reasons for the withdrawal.
3. There shall be no discrimination on the basis of race, color, national origin, religion, sex (including gender, sexual orientation, or gender identity (including transgender status)), pregnancy status, age, disability, veteran's status, or genetic information in either the selection of students for participation in the A.L.E., or as to any aspect of the A.L.E.; provided however, that with respect to disability, the disability must not be such as would, even with reasonable accommodation, in and of itself, preclude the student's effective participation in the essential duties of the A.L.E.

C. FACILITY RESPONSIBILITIES:

1. The Facility will retain responsibility for the care of its clients and patients and will maintain supervision of students insofar as their presence and A.L.E. assignments affect the operation of the Facility and its care, direct and indirect, of its clients and patients. No provision of this relationship shall prevent any Facility client or patient from requesting not to be a teaching client or patient or prevent any member of the Facility's staff from designating any client or patient as a non-teaching client or patient.
2. The Facility will provide adequate facilities for participating students in accordance with the A.L.E. program objectives and plan developed through cooperative planning by the Institution's departmental faculty and the Facility's staff. The Facility will use its best efforts to make conference space and classrooms available as may be necessary for teaching and planning activities in connection with the A.L.E. However, specific classroom, conference space and facility requirements may be set forth in the Agreement.
3. Facility staff shall upon request, assist the Institution in the evaluation of the learning and performance of participating students, provided the student has signed a consent to exchange of educational information in accordance with the Family Educational Rights and Privacy Act of 1974, as amended. However, the Facility hereby agrees to keep confidential any student records or information it may obtain, unless it has otherwise obtained prior written consent of the student. Although the Institution shall obtain all required consents, the Facility shall have the right to rely on such consents and to obtain copies of such consents upon request. The Facility will assign a staff representative as liaison between the Facility and the Institution. The Facility staff representative may be designated in the Agreement. Unless otherwise specified in the Agreement, any evaluation of students by the Facility shall relate only to general student participation in the A.L.E., and shall in no way be construed as a certification by the Facility as to the competence of any student or a representation by the Facility of any student's ability or competence in connection with the practical implementation of any knowledge gained through the A.L.E.
4. The Facility shall provide for the orientation of participating students as to the philosophies, rules, regulations and policies of the Facility.
5. All medical or health care (emergency or otherwise) that an Institution student receives at the Facility will be at the expense of the individual involved.

The Institution will use its best efforts to see that the A.L.E.s at the Facility are conducted in such a manner as to enhance the resources available to the Facility for the providing of care to its clients and patients. Only those students who have satisfactorily completed the prerequisite courses of their curriculum will be selected for participation in an A.L.E., as

4. The Institution will inform all its participating students of the Facility's requirement that all students must procure and maintain throughout the A.L.E. professional liability insurance covering their activities at the Facility, and in amounts, form, and by a carrier satisfactory to the Facility and the Institution. All students must provide evidence of such insurance to the Facility prior to participation in any A.L.E.
